

SD 51 Communicable Disease Plan: Christina Lake Elementary

Public Health Measures

Attendance and Record Keeping

- Daily attendance is taken by classroom teachers and recorded in MyEd by the school secretary
- Accurate class lists are maintained on MyEd and updated by the school secretary

Environmental Measures

Cleaning and Disinfecting

- CLES is cleaned and disinfected once per day in the evenings by an SD51 custodian.
- High touch surfaces (light switches, doorknobs etc.) are also cleaned midday by an SD51 custodian.
- Hand sanitizer is available at the front door for all persons entering the building. Hand sanitizer stations are also set up in each classroom and common room in the building for students and staff to use upon entry/exit
- Staff will, in the case of a suspected illness, wipe down any suspected surfaces (with disinfectant spray and cloths) touched by bodily fluids of a person displaying symptoms.
- Health room will be wiped down as above by secretary after use by any student

Administrative Measures

Gatherings and Events

- Extracurricular activities will occur in line with all protocol outlined in this plan and local, regional, and provincial health regulations

Space Arrangement

- All students enter/exit through separate assigned doors to avoid crowding in the hallways; teachers manage the flow of students into the hallway at hooks/lockers

Staff Specific Considerations

- Staff meetings and Professional Development will occur in line with all protocol outlined in this plan and local, regional, and provincial health regulations

Visitors, including Itinerant Staff, Temporary Teachers on Call, Parents and Others

- Visitors will enter the building via the front door and check in with the office
- All visitors will follow the school safety protocol.

Curriculum, Programs, Activities and Transportation

- Field trips and school programs will occur in line with those permitted as per relevant local, regional, and provincial public health recommendations and orders.
- Students will not participate in activities where they, staff, or volunteers will be required to show proof of vaccination.

Food Services

- Our breakfast program will continue to be provided in the morning
- Those serving breakfast will follow protocol

Community Use of Schools

- Community groups will follow all protocol outlined in this plan and local, regional, and provincial health regulations when using school facilities

Water Fountains

- Students and staff can use our bottle fillers and drinking fountains

Personal Measures

Daily Health Checks

- Staff, parents and students will be reminded through notices on our Facebook page and email communications to complete their daily health check using provincial checklist resource.
- A notice is posted on front door to remind visitors/staff to complete their daily health check before entering the building

Stay Home When Sick / What To Do When Sick

- As part of the daily health checks, students and staff are reminded to stay home if they are feeling unwell.
- A self-assessment tool is available online to help determine whether you should stay home or not [BC Self-Assessment Tool](#)

Symptoms Develop at School

- If a staff member develops symptoms of illness while at school, they will contact the school secretary and the principal/vice principal and attempts will be made to immediately find a replacement. At this point, our continuity of learning plan may be put into place
- Where a student develops symptoms of illness while at school, they will immediately be sent to the health room to avoid potential contact with others. Our school secretary will contact the family to arrange for pick up.

Returning to School After Illness

- Staff or students may return to school after symptoms have abated and/or isolating period has elapsed. No doctor communication is needed.

Hand Hygiene & Respiratory Etiquette

- Students and staff will be encouraged and reminded regularly to follow proper hand sanitizing procedures.
- Hand cleaning can take place in each room of the school (handwashing and sanitizing stations available in most spaces; some have sanitizing only)

Personal Protective Equipment

Masks

- Masks are not mandatory for any student, staff member, or visitor. Personal choice will be respected and all students will be supported to fully engage in learning activities.

Supportive School Environments

Personal Prevention Practices

- Teachers will regularly remind and encourage students to practice prevention measures like hand cleaning, maintaining personal space, not sharing food, wearing their masks, and not crowding in groups.
- A culture of kindness and respect will be upheld to support our students' diverse needs and perspectives.
