

2023 SEED FUNDRAISER

January 15 to February 4, 2023

Christina Lake Elementary School provides outstanding educational and extracurricular resources to our students. We rely on fundraisers and the support of generous donations throughout the school year.

To start the new year we are happy to partner with *West Coast Seeds* for our latest fundraiser. WCS provides quality seeds at competitive prices and, best of all, 40% of the proceeds come back to our CLES PAC.

This year they have increased their selection of seeds. Check them out and place your order at fundraisingwestcoastseeds.com. Please ensure you order from this site only so our school will receive the credit.

1. Go to fundraisingwestcoastseeds.com
2. Find the products you want and add to your cart.
3. When you are ready to check out click on your cart.
4. Use the dropdown menu to find our school: Christina Lake Elementary
5. Please order by Feb 4th. If you are unable to order online please contact Shawn Paolone at sdp11@me.com for help.

Your support is greatly appreciated!
